

Top Challenges for Public Leadership

Challenges around ...

Public Leadership Beliefs & Values

- Moving away from ego-centric, heroic views of leadership
- The role of values, ethics, and human rights (e.g., dealing humanely with migrant crisis)

Public Leadership Process and Context

- Practicing good governance by caring for those one is responsible for (e.g., Servant Leadership)
- Conflict between good governance and political leadership
- Doing the same (or things differently) with less
- Understanding the broader social and political context of implementing leadership principles
- Demands on political leaders (especially with social media)

Public Leadership Learning & Action Outcomes

- Shared & Collective Leadership
- Corporate Social Responsibility: partnering with the private and nonprofit sectors
