A different approach to online learning

Your program of study is individually tailored and structured around your burning questions, intellectual curiosity and professional needs. Whether your focus is career advancement, personal growth or building a foundation for doctoral studies, the UI&U Master of Arts (M.A.) program will deliver.

Union Institute & University's Online Master of Arts Program

discover the difference...

Union Institute & University's online Master of Arts program is designed for working adults. Alumni/ae have praised this program for its combination of academic rigor and a flexible format that allows you to pursue graduate-level study with the support of highly qualified faculty, all through a virtual environment you can access from wherever you work or live.

In existence since 1969, the Master of Arts program is unique because it offers you the ability to:

Study from anywhere

Fit your studies in with your work
and family schedule

Tailor your study to your own needs

Work with experienced faculty advisors
who are specialists in your field of study
